UNDERGRADUATE PROGRAMME

B.Com - Regular

Bachelor of Commerce

Learn. Explore. Excel.

About the Programme

B.Com - Regular (Bachelor of Commerce) at Mount Carmel University is an undergraduate programme that builds a strong foundation in Commerce — Accounting, Finance, Marketing, Banking, Taxation and Human Resource Management — while developing the analytical and managerial skills that today's organisations look for.

Relevant, subject-related AI courses are part of every semester, so students learn to apply modern tools to real business problems. Case studies, workshops, industrial visits and internships keep classroom learning connected to the world of work, preparing graduates for rewarding careers, professional qualifications and higher studies.

Eligibility

Candidates who have completed II PUC or 12th standard (CBSE/ISC), or an equivalent qualification from a recognised board, are eligible for admission to the programme. Further, the candidate should have studied both **Business Studies** and **Accountancy** in the qualifying examination.

Programme Duration

COURSE DURATION

B.Com - Regular: 3 Years

Extended 4th year leading to **B.Com Honours** under NEP 2020

The fourth year (Honours) is optional.

CLASS TIMINGS

7.30 am – 12.00 noon

A morning schedule that leaves your afternoons free to explore more — internships, professional courses, clubs and campus life.

Programme Highlights

Beyond the classroom, every part of the programme is designed to build knowledge, skills and confidence.

01

Dual Specialization

In the third year, choose two specializations from Finance, Human Resource Management, Marketing and Accounting, and graduate with depth in the areas that match your goals.

02

Courses Covered – Major Subjects

Financial Accounting, Business Economics, Financial Management, Marketing, Banking, Taxation, Human Resource Management, Business Analytics and more, with relevant AI courses in every semester.

03

Industry-Aligned Skill Courses

Skill courses built around current industry needs, followed by industrial visits that show how business concepts work inside real organisations.

04

Internship Opportunities

Internships give hands-on workplace experience, build professional networks and strengthen your profile well before graduation.

05

Stock Market Exposure

Understand how markets work through sessions on investing, trading and financial analysis, building practical financial literacy.

06

Case Study Workshops & National Level Competition

Workshops sharpen problem-solving and decision-making; the national-level fest lets you test your skills against peers from across the country.

07

Entrepreneurial Workshops & Entrepreneurs' Day

Explore idea generation, business planning and pitching, then bring your ventures to life on Entrepreneurs' Day.

08

Regular Documentary Screenings

Screenings on business, economics and society spark discussion and broaden perspectives beyond the textbook.

09

Community Development Programs

Outreach programmes build social responsibility, empathy and leadership through real engagement with communities.

10

Career Guidance Seminars

Expert-led sessions on career paths, higher studies, professional courses and interview readiness help you plan your next step.

Career Prospects
