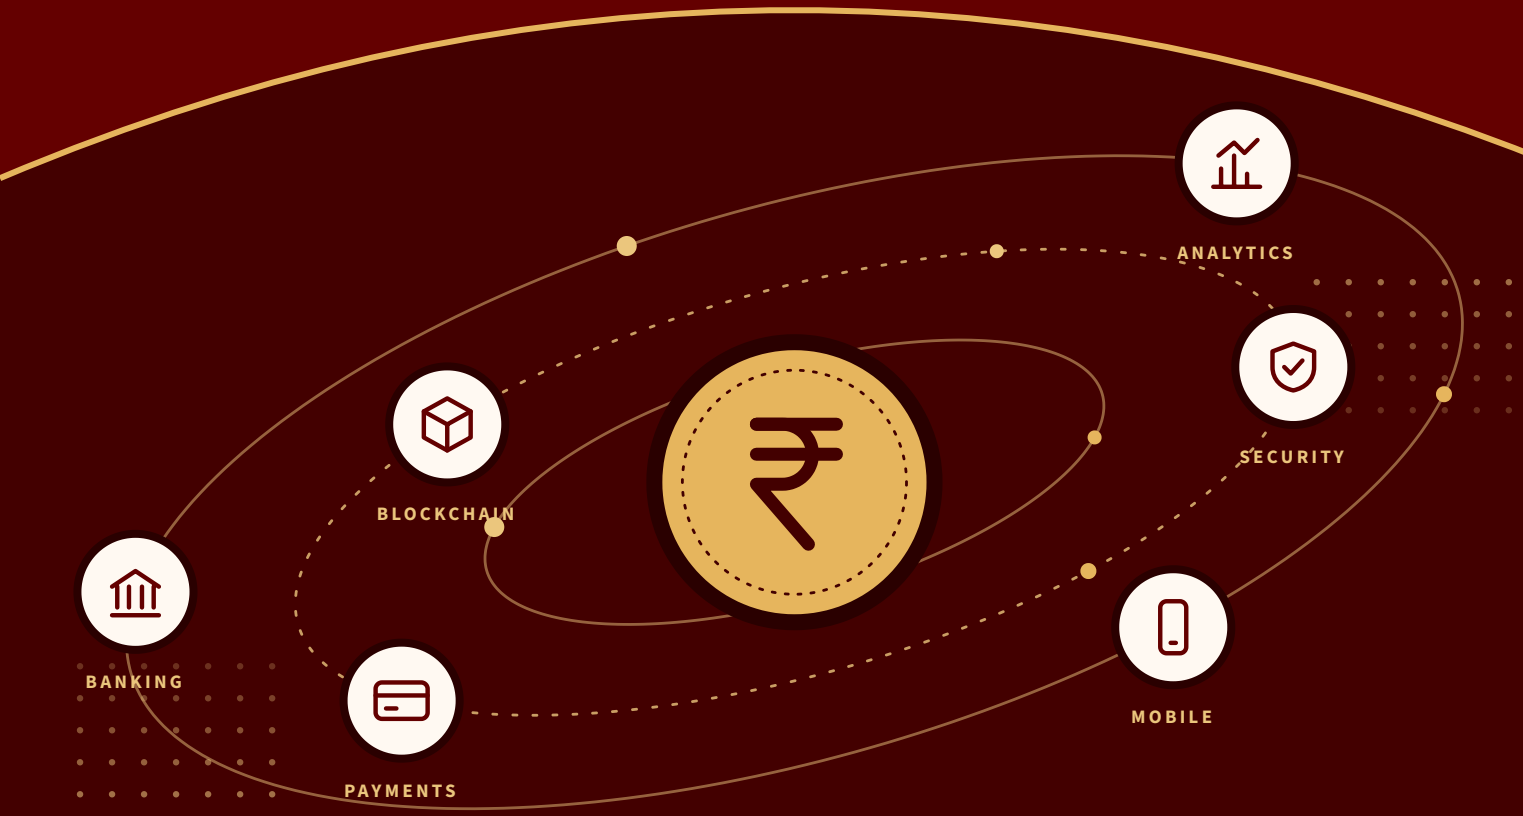
SCHOOL OF COMMERCE · UNDERGRADUATE PROGRAMME

B.Com *FinTech*

(Knowledge Partner Deloitte India)

Learn how money moves in a digital India,
and how to build what moves it next.



Empowering through education

KNOWLEDGE PARTNER

Deloitte.

EDUCATION PARTNER

ZELL EDUCATION

THE PROGRAMME

A Commerce degree for a digital economy

India now pays by QR code, borrows through an app and invests from a phone. Behind each of those moments is a business that needs people who understand both finance and the technology that runs it.

B.Com FinTech gives you a strong commerce foundation, then adds ten specialised courses on how modern financial services are built, regulated and secured. You graduate ready to work where the two meet.

WHAT YOU WILL MASTER

Digital payments
How UPI, cards and mobile wallets move money in seconds.

Lending & credit technology
How digital lenders assess risk and approve credit.

Investments & robo-advisory
How portfolios are built, and how algorithms advise.

InsurTech
How technology is reshaping insurance and microinsurance.

Blockchain & cryptocurrency
How distributed ledgers and digital assets work.

RegTech & compliance
How firms manage risk and meet regulation with technology.

Cybersecurity
How financial data and transactions are kept safe.

Financial inclusion
How FinTech reaches new customers in emerging markets.

FinTech entrepreneurship
How to take a financial product from idea to launch.

HOW YOU WILL LEARN

01 · ON CAMPUS

In the classroom

Taught by Mount Carmel faculty, and FinTech-specific courses are handled by practising industry professionals.

02 · ONLINE

Your learning hub

An online forum for doubts and discussion, plus recorded video lessons, PDF notes and assessments.

03 · HANDS-ON

Learning by doing

Lab work with blockchain and financial analytics tools, business simulations, live projects and hackathons.

04 · BEYOND

Outside the syllabus

Industrial visits, guest lectures, seminars, career counselling and online courses.

Programme duration

COURSE DURATION

B.Com FinTech: 3 Years

Extended 4th year leading to B.Com Honours under NEP 2020. The fourth year (Honours) is optional.

CLASS TIMINGS

7.30 am – 12.00 noon

A morning schedule that leaves your afternoons free to explore more: internships, professional courses, clubs and campus life.

CURRICULUM

Six semesters. Ten specialised courses.

These courses run alongside your core B.Com subjects. Students start with how the financial system works, move through the technologies changing it, and finish with students building something of their own.

01 SEMESTER YEAR 1	**The Financial Ecosystem and Markets** Banks, markets, regulators and where FinTech fits among them.	**Digital Payments & Mobile Wallets** UPI, cards, wallets and the systems that settle a payment.
02 SEMESTER YEAR 1	**Lending & Credit Technologies** Digital lending, credit scoring and new models of borrowing.	**Investment Management & Robo-Advisors** Portfolio basics and how automated advice platforms work.
03 SEMESTER YEAR 2	**InsurTech and Microinsurance** How technology prices, sells and services insurance at scale.	**Blockchain & Cryptocurrency** Distributed ledgers, digital assets and their uses in finance.
04 SEMESTER YEAR 2	**RegTech: Compliance and Risk Management** KYC, anti-money-laundering and technology-led compliance.	**Cybersecurity in FinTech** Threats, fraud prevention and protecting financial data.
05 SEMESTER YEAR 3	**Financial Inclusion and Emerging Markets** Reaching underserved customers with digital financial services.	
06 SEMESTER YEAR 3	**FinTech Entrepreneurship and Capstone Project** Shape a venture idea and deliver your final capstone project.	

THE CAPSTONE

One real challenge, start to finish

Take a business or consulting problem from brief to boardroom presentation in your final semester.

CERTIFICATION

Proof of what you can do

Complete the capstone and earn a certification alongside your degree.

VIRTUAL INTERNSHIP

Experience for every student

Structured internship projects that apply classroom learning to real business scenarios.

Course list is indicative and subject to approval by the University's academic bodies.

CAREERS
