B.Com - BFSI

B.Com - Banking, Financial Services and Insurance (BFSI)
with Apprenticeship Embedded Degree Program (AEDP)

Learn. Earn. Excel.

About the Programme

The B.Com - Banking, Financial Services and Insurance (BFSI) with Apprenticeship Embedded Degree Program (AEDP) is an industry-oriented undergraduate degree programme designed to bridge the gap between academic learning and industry requirements. It combines a strong foundation in commerce education with specialised, skill-based learning and practical exposure to the Banking, Financial Services and Insurance (BFSI) sector.

The programme emphasises employability, competency development and experiential learning through an industry-integrated curriculum, on-the-job training and skill certifications, equipping students with the knowledge, professional skills and problem-solving abilities to meet the evolving demands of the BFSI sector.

Aligned with relevant qualification frameworks and industry standards, the programme seeks to develop competent, confident and job-ready graduates equipped to pursue rewarding careers in the BFSI sector and contribute effectively to society.

The BFSI Sector Skill Council of India (BFSI SSC) is a not-for-profit organization under the National Skill Development Corporation (NSDC) that builds a skilled workforce for the Banking, Financial Services and Insurance sectors by offering standardized job roles, training, certifications and apprenticeships.

Eligibility

Candidates who have completed the Two-Year Pre-University Course (II PUC) of Karnataka or 12th Standard (CBSE/ISC) or an equivalent qualification from a recognised board are eligible for admission. Further, candidates should have studied both Business Studies and Accountancy at the Pre-University / qualifying examination level.
